PRESS RELEASE

Yeshiva University chooses Idesco Corp and exacqVision for Stern College Facility

New York based security systems integrator to install hybrid exacqVision Pro solution

(INDIANAPOLIS) Yeshiva University recently chose Idesco Corporation (www.idesco.com), a leading security system integrator based in New York City, to install the exacqVision Pro hybrid network digital video recorder system from Exacq Technologies (www.exacq.com). The exacqVision Pro system will provide analog and IP video surveillance for Yeshiva's Stern College for Women (www.yu.edu/stern) facility in downtown Manhattan.

Now in its second century, Yeshiva University ranks among the nation's leading academic research institutions. It embraces the heritage of the best of western civilization, along with the ancient traditions of Jewish law and life. Nearly 7,000 students, including 2,798 undergraduates, from 38 states and 55 countries, study at YU's four campuses: the Wilf Campus, the Israel Henry Beren Campus, and Brookdale Center in Manhattan, and the Jack and Pearl Resnick Campus in the Bronx.

ABOUT EXACQ TECHNOLOGIES:

Based in Indianapolis, Exacq Technologies was created by a group that pioneered the digital video surveillance industry. Exacq Technologies is a manufacturer of IP and hybrid network digital video recording systems and OEM products for the security industry.
